1 SIMPLE PATIENT EXPERIENCE

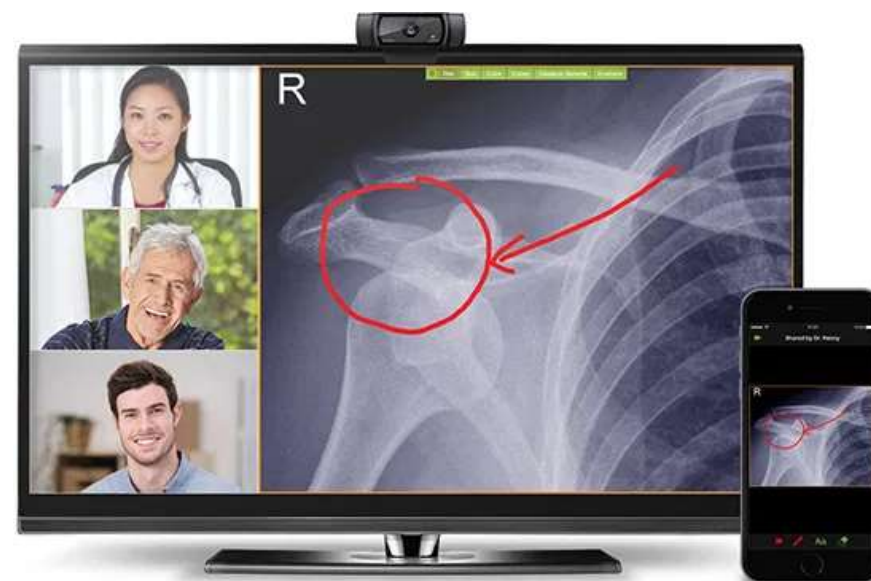

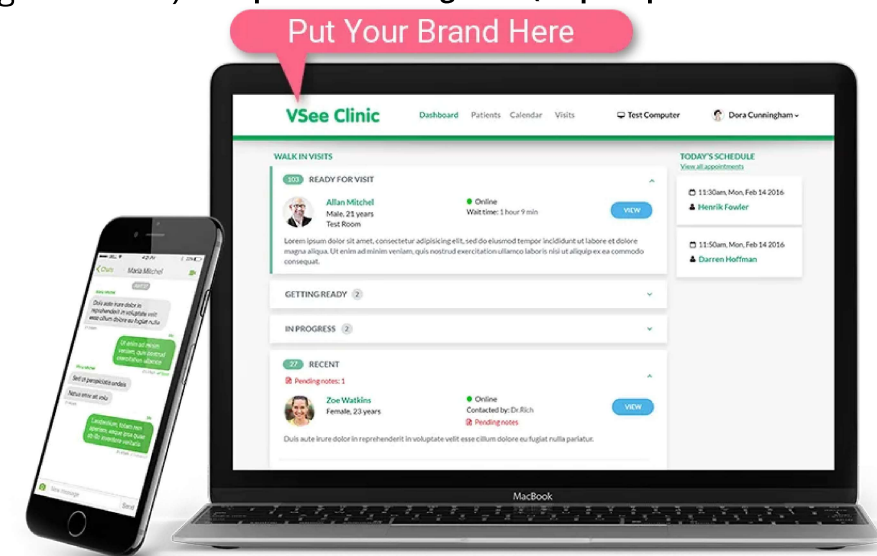

Create your clinic to give patients experience you want

Before the Visit Experience

Meet us at HIMSS'21 Booth #2251, Aug 10-12 (<https://vsee.com/himss2021-meeting-scheduler>) Request A Meeting Here (<https://lp.vsee.com/himss2021-meeting-scheduler>)

website button

- Allow walk-ins and/or scheduled visits
- Customize intake forms – whether it's 2 lines or 2 pages
- Check wait times and see who's ready from the patient queue
- Show educational videos or articles as patients wait
- Collect online credit card payments
- Always have live chat support on hand

During the Visit Experience

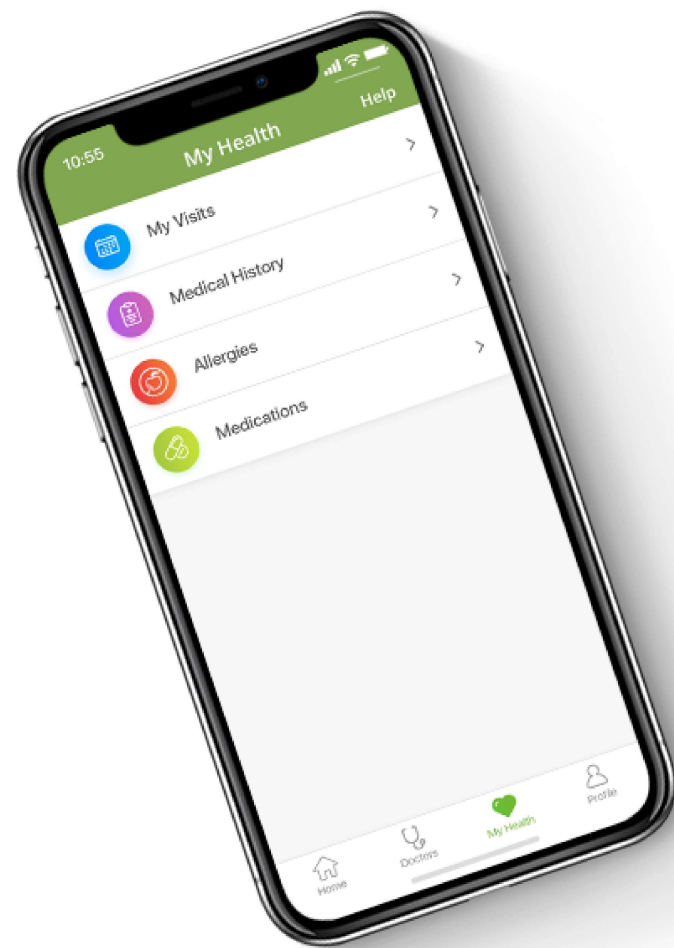

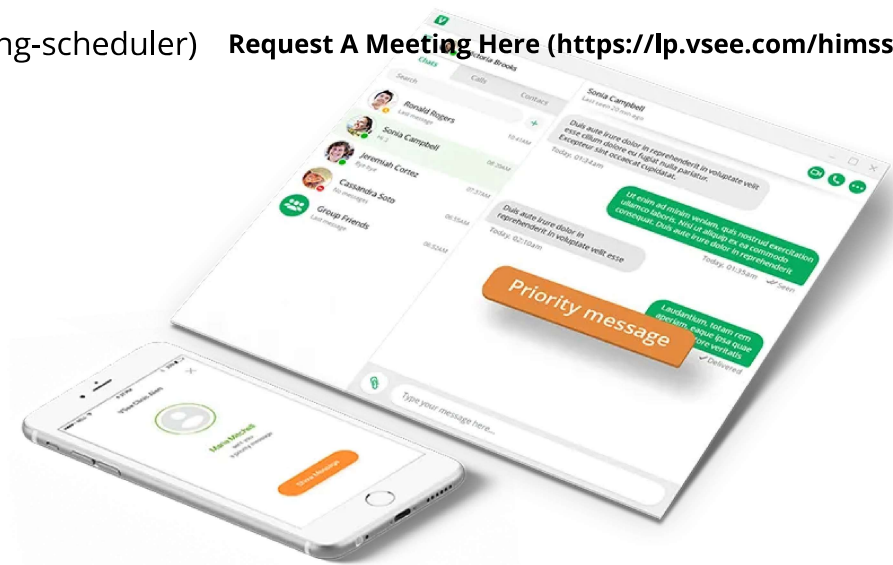

- See patients 1-on-1 or in a group
- Add in remote family members, interpreters, and other care team members on the fly
- Share and annotate images, documents & websites as though you were face-to-face
- Send files by dragging and dropping to video
- Live stream digital peripherals such as otoscopes and dermatoscopes

Why Providers Choose VSee

Meet us at HIMSS'21 Booth #2251, Aug. 10-12 (<https://lp.vsee.com/himss2021-meeting-scheduler>) Request A Meeting Here (<https://lp.vsee.com/himss2021-meeting-scheduler>)

“ We tried Zoom prior to going to VSee. It was very cumbersome to create every meeting. With VSee, you just send patients a text message and the session is there. ”

Reza Sadeghian, MD, MBA, Chief
Medical Information Officer

(<https://cctinstavisit.com>)

“ We at CareConnect Health take pride in the cutting edge technology to provide comprehensive medical services to our patients. VSee has enhanced our services by providing a very straightforward and easy-to-use virtual visit system for patients and staff alike . From planning to implementation, we did not need to involve any outside IT people to install and or to use VSee – that was a big advantage. The VSee customer service and technical support has been great, and it has been a pleasure to work with all of them.. ”

Ajay Gehlot, MD, MBA, CEO
CareConnect Health

“ Our idea was to build a platform that was flexible in its application, and easy to use. Not only is our telehealth team happy with the results, but the nurses have already expressed improvement in usability. Thank you for your patience and persistence, walking us through numerous designs until we found the perfect fit and helping ensure a quick turnaround for the go-live. ”

Lauren Sweeney, Telehealth Program
Manager

How providers are using VSee Clinic

- Central call center to triage all virtual care patients for any department or service
- Allows patients to quickly pay and connect online with their preferred private physician
- 24/7 on-demand telehealth for emergency visits, skilled nursing facilities, and more
- Chronic care and lifestyle disease platform with Fitbit & vitals device integration for data tracking.
